

APOLLO INSTITUTE OF ENGINEERING & TECHNOLOGY

REPORT ON ONE DAY INDUSTRIAL VISIT AT SCIENCE CITY

Date: 13-10-2021

First year B.E students of CE/IT department along with four faculties went to Science City as a part of industrial visit on 13-10-2021.

There were two parts. One was an aqua gallery and the other was a robotic gallery. Students were given a brief idea on various aquatic animals and future robots. The Robotic gallery was showcasing the smart robots that control every facet of home, Medical robot, Sports robot, 3D print robot, Defense robot, Precision robots and Drones. The Robotic gallery also included robot soccer and robot war games. Another attraction is the robot cafe, where robots serve food instead of humans. Aqua gallery includes various aquatic animals like Cory Catfish, Guppies, and Mollies etc.

Faculty

1. Prof. Ruchit Shah (IT)
