Entrepreneurship Development Institute of India

A Seminar of "Entrepreneurship Development" was organized by the Information Technology and Computer Engineering Department of Apollo Institute of Engineering on Friday, 15th September 2023. Sixty CE students, eighty two IT students were present to interact with the ENTREPRENEURSHIP DEVELOPMENT INSTITUTE OF INDIA to understand what is the role of Entrepreneurship in our economy and why it becomes important nowadays, etc. In this seminar students were very eagerly waiting to listen to higher authorities.

They motivated the students by giving a token of affection in the form of Institute information in detail. Students Learn basic idea of what Entrepreneurship is and current market scenarios of business in this digital era. Students are very happy after attending this seminar and they are excited to learn many more trending market strategies to choose a career path.

ENTREPRENEURSHIP DEVELOPMENT INSTITUTE OF INDIA. who spent their valuable time for us and special thanks to Dr. Prashant Saxena to Guide our Students . We also thank our respected Principal and HOD who motivate us to arrange such an informative program. Lately we request you to arrange more Expert talk regarding technologies and seminars in the future for the students which will be helpful for the students and help to train our students.
